Experience

Quadrant.io
Quality Control - POI Data Validation
September 2024 - Present (1 month)

In this role, I focus on reviewing POI (Point of Interest) data from contributors, checking the quality of photos and verifying POI attributes to ensure they meet our set standards. My work helps maintain data consistency and reliability.

Universitas Jenderal Soedirman
Orientation Material Tutor for College Students
August 2024 - August 2024 (1 month)
Jl. Raya Mayjen Sungkono, Blater, Kec. Kalimanah, Kabupaten Purbalingga, Jawa Tengah

As an Orientation Material Tutor for College Students, I was responsible for guiding new students through essential materials and resources during their orientation. My role involved explaining key concepts, assisting with understanding academic and campus life, and ensuring that students felt prepared and confident as they transitioned into college. I provided support, answered questions, and helped students navigate the initial challenges of their college journey.

Dinas Komunikasi dan Informatika Kabupaten Banyumas
Web Developer
July 2024 - August 2024 (2 months)
Jl. Kolonel Sugiono, Tipar, Purwanegara, Kec. Purwokerto Tim., Kabupaten Banyumas, Jawa Tengah 53116

During my internship at the Banyumas Communication and Information Service, I specialized in informatics applications, focusing on enhancing the user experience and interface for the Banyumas Satuportal website. I contributed to the development and optimization of the portal's design, aiming to improve its functionality and accessibility for users.

Education

Universitas Jenderal Soedirman
 · (2022 - 2026)

SMA Negeri 3 Purwokerto
 · (2019 - 2022)
